

Registering your Membership online

You've made the decision to support the Vanderbilt Museum and have joined our family of members and supporters. Thank you!

Your membership offers you great value and includes many benefits throughout the year, such as free and discounted tickets to our events. Once you hear of an event you'd like to attend, you may want to use your membership to reserve tickets in advance. You can do this online through our website by creating a user login that links to your account.

The most important thing to know is what email address you gave to the staff when you initially signed up for your account. That email will be used by our automated computer system to connect your membership to your account – so it's important that it be accurate and free from errors. If you think you made a mistake when you signed, or if you'd like to change your email in our records, we can help. Email us at info@vanderbiltmuseum.org.

Once you select a specific program, the website will take you to the ticket selection page. In the upper right-hand corner, you will see two options; **Sign In** or **Register**. If you purchased your membership online, you can proceed directly to Sign In and use the credentials you created when you made your initial purchase. If your membership is a gift, or if you purchased it in person, you'll need to register for an account.

You can register either by selecting **Register**, or by following this link:
